

WHITFIELD & BROWN

Case Study

Lakeside/Renaissance House Office fit Out

The project comprised the remodelling of office space within NWDA's Head Office, Renaissance House and the fit out of nearby Lakeside House to create 11,000sq ft of additional office accommodation.

Working to a very tight timescale, the clients requirements were fully accommodated and occupation dates achieved.

The predominantly open plan offices were punctuated with versatile private meeting rooms, a canteen and several private offices.

Contract Title: Lakeside/Renaissance House
